

## How to get to the Opal Apartments on Laugavegur 151, 105 Reykjavik (64°08'35.5"N 21°54'33.6"W), from Keflavik International Airport (KEF)

Follow the directions to Reykjavik.

On your way, you drive through four roundabouts.

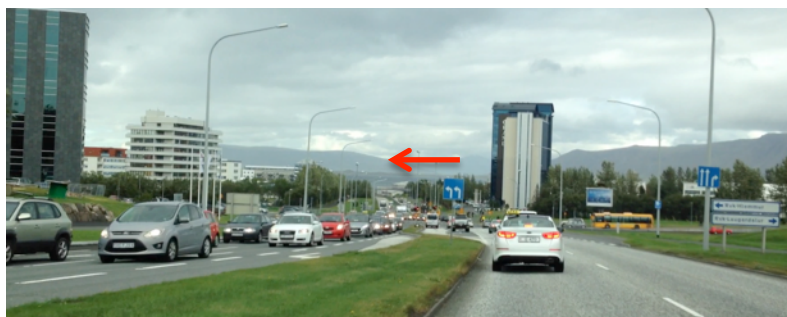

- At roundabout one (shortly after leaving the airport), take the first exit.
- At roundabout two, take the second exit.
- Drive straight for 34 km.
- At roundabout three, take the second exit.
- At roundabout four, take the third exit.

Shortly after roundabout four, turn right on second traffic lights (large intersections with two lanes turning right) and drive straight on for 7.3 km through a few traffic lights.

On intersection (Laugavegur/ Kringlumýrarbraut) you see a tall building marked "GRAND" in front of you and a round glass building to your left. There you turn left (two lanes turning left) onto Laugavegur.

Keep driving until you see a green building next to traffic lights. The Opal Apartments are only 100 meters further on Laugavegur.

Pass by the Opal Apartments and take next right (small street between Laugavegur 145 and 147) and turn right again and you are in front of The Opal Apartments parking garage.

If you have pre-booked parking inside you can open the garage door by inserting the code provided in the confirmation mail from us. The keypad is on the wall to you left. Please note that the door is open for 10 seconds once fully opened.
